GRADE TWELVE TEACHING IS SANCTIONED

During the past couple of weeks influence has been brought to bear forcibly with the Blairmore Board of School Trustees upon the urgent necessity of having Grade XII taught here.

A number of parents of pupils available for this grade at the opening of the fall term, waited upon the board on several occasions and advanced propositions that they were prepared to meet, while counter proposals were advanced by the board. Among the latter was a proposition whereby the parents of pupils be required to pay a monthly sum per pupil of \$20, in order to meet the added cost of school operation. The board claimed that as this matter had been brought to their attention upon short notice, and after the estimates for the present school year had been submitted and approved, practically no other means of financing was available. However, the parents protested, only one of seven stating his willingness to come through with the \$200.

At a special meeting held on Monday evening, figures from other districts in the province were submitted for comparison, and it was found that in a great many cases the maximum fee required for a Grade XII pupil was \$60 for the year, whereupon reconsideration of the question resulted in the local board adopting a similar plan.

An extra room is being equipped and the extra teacher has been engaged to take up duties on September the 2nd.

"TINY" THOMPSON MARRIES

One of Calgary's most noted athletes was married Tuesday afternoon at 5:00 o'clock in Banff, when Cecil ("Tiny") Thompson, son of Mr. and Mrs. W. J. Thompson, Calgary, and Edith S. Jackson, youngest daughter of Mr. and Mrs. Stanley Jackson, were married. Rev. Mr. Montgomery of Banff, officiating. The wedding took place in the Anglican church, and although it was very quiet, many friends of the bride and groom motored up for the ceremony.

Miss Marjory Jackson, sister of the bride, was bridesmaid, while the groom was attended by his brother, Paul Thompson.

"Tiny" Thompson is noted for his hockey playing, having been a member of several Calgary teams, Bellevue, of the Crow's Nest Pass League, and Boston Bruins, Stanley Cup holders. Last winter he was judged the greatest goalkeeper in organized hockey. His brother, Paul Thompson, plays for the New York Rangers. While attending school in Calgary they were splendid all-round and consistent athletes.

The bride also comes from a family that has long taken an interest in sport. She is herself an athlete of no little distinction in local circles, and for several years played basketball with the Chipmunk team, city champions last year. Her father was a professional soccer player in England. In 1930 he captained the Hillhurst football team in Calgary, and for a number of seasons played cricket with the C.P.R. Royals—Alberta.

The people of St. Theresa's parish, Hillcrest, will make their fifth grand annual Novena in honor of their patron saint, Theresa of the Child Jesus, starting August 21st and finishing August 30th. During the period there will be Mass every morning at 9 o'clock and Sermon and Benediction every evening at 7 o'clock. Visits may be made to the Shrine at any time during the day and in addition to the usual devotions, flowers and votive lights may be placed on the Shrine. All friends are invited.

CONKLIN & GARRETT SHOWS COMING

Conklin & Garrett shows will be staged in Blairmore on Thursday, Friday and Saturday of next week, under the auspices of the local Elks. It would be interesting at this time to mention the fact that as the dates set for the Conklin & Garrett appearance here conflicted somewhat with the arena carnival at Bellevue, this popular travelling company very cheerfully have offered a donation of \$200 towards the Bellevue Arena Carnival funds.

The Bellevue Carnival opens on the night of Monday, September 1st and will conclude the following night. The thirteenth annual exhibition of the Bellevue and District Horticultural, Industrial and Poultry Society will take place at the Bellevue Arena on Monday, September 1st. Coupled with the show will be the usual programme of field sports.

WEDDING BELLS

Rose—Page

All Saint's church, Watrous, was the scene of a pretty wedding on Monday morning, July 28th, when Kathleen Margaret, daughter of Mr. and Mrs. James Page, became the bride of Walter Rose, of Nokomis. The Rev. J. Hewett officiated. The bride was attired in a robin's egg blue ensemble, with white picture hat, and carried a bouquet of sweetheart roses.

Miss Dorothy Scampon, who acted as bridesmaid, wore a mauve ensemble, with white picture hat, and carried a bouquet of mauve sweet peas. Mr. Norman Bamforth supported the bridegroom.

At the church door the staff of the Canadian Utilities, Limited, welcomed the young couple, and escorted them, amid a shower of confetti, into the superintendent's car, which was towed through the main streets behind the company's big Buick derrick truck, carrying a jazz band and tastefully decorated for the occasion. This in turn was followed by about a dozen decorated cars of employees and friends. During the procession the noise resembled a miniature earthquake.

Later on a reception was held at the home of the bride's parents. Shortly after noon Mr. and Mrs. Rose left on a motor trip to Regina and other points. On their return they will reside at Nokomis, S.A.

Mr. and Mrs. Rose, the bridegroom's father and mother from Hillcrest, Alberta, motored down to attend the ceremony.

The National Light & Power Co., Moose Jaw, was represented by Mr. T. Preston and Mr. J. Guest.—Watrous Signal.

PREMIER KING IS ENJOYING A REST

Ottawa, August 13.—One man who has enjoyed perfect relaxation since July 28th is Premier King.

Nearly nine years of premiership carry with them more than the honor of office. Probably no prime minister was a more indefatigable worker than Mr. King. A corps of half a dozen secretaries were among the hardest laborers of the capital during his regime. His energy seemed inexhaustible.

When the campaign ended, he journeyed to his estate at Kingsmere, and there, except for clearing up his desk, he has been enjoying a respite from the responsibilities of office.

A sentence of a year and a day in the Atlanta federal prison was imposed on Bishop Charles Morneau, head of the Czechoslovak Orthodox and Catholic church in America, who was convicted of conspiracy to divert sacramental wine into bootleg channels.

CHAPTER XXVI

On a morning in August Charmian unlocked the door into what had so recently been John Carter's office, and opened the easement wide. The floor was no longer covered by the soft Bokhara; the windows were bare of hangings; the bookshelves empty. Only the tall brass andirons gleamed a welcome from the blackened hearth; and the girl wiped the dust from Great-grandfather Davis's old chair, and looked appraisingly at her surroundings.

As she did so a brisk step sounded on the sidewalk, and in another moment the doorway was blotted out by George K's ample figure.

"What you up to this morning?" he questioned genially. "Saw the door wide open, and thought I'd take a look. Kind of bare, isn't it, since your doctor departed? But it's a pretty place in spite of that."

"Come in," smiled Charmian. "You're the one person in Wickfield I want to see."

"You better see," replied George K, and smiled.

"Sit down," she said. "This is the only chair, but I'll perch on the desk if you don't mind. Uncle George, I'm sick with indecision on a lot of subjects, but one thing's clear: I've got to give up the school."

"I've been expecting that," the banker responded. "Only last night Salina was saying that Grandma—well."

He hesitated, but Charmian asked bravely: "Then others have seen it, too?"

"George K. nodded, and the girl went on: "But I failed this summer; not in her mind, thank heaven! but she's not so brisk and happy as she was a year ago. I've got to be with her more. It was—hard last winter."

for ANY CHILD

WE can never be sure just what makes a child restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as your child has a fretful spell, or feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly. If it doesn't, you should call a physician.

Fletcher's CASTORIA

W. N. U. 1931

was what attracted the young man. Don't lose sleep over that. Now I must run in and speak to Grandma. Charmian—George K. turned as he reached the door. "What's the matter with John Carter? Salina says the life has gone out of his step in the last month. Have you broken his heart?"

Charmian smiled. "I have an uncomfortable feeling that the consensus of opinion in Wickfield is that he has broken mine!"

"He hasn't—has he?" George K. looked so genuinely solicitous that the girl said quickly: "What nonsense—though if he had I wouldn't admit it for a kingdom. As Grandma frequently remarks, 'We Davises have our pride.' The only thing that's breaking my heart, George, is the thought that he hasn't been clever enough to keep the Davis homestead in the family. As for John Carter, if the life has gone out of his step, I'm truly sorry. He dropped in yesterday when I was at the library, and Grandma said he looked abominably tired. I'll run into his office this afternoon with an imaginary ache, and see what I can do about it. I'd have even the Wickfield goodie to help as a good friend as he has been to us."

"Well, so long," smiled the banker. "I'll let you know what I hear from your purchaser, my dear."

Charmian stood at the window watching him cross the driveway and disappear under the golden pines. "I believe," she mused, "that the whole thing will be easier now it's settled. This will make a darling living room. Grandma will get a better view of the street from this window than from the old one. I can sleep on a couch in here, and Grandma can have the other room. Of course it's the thing to do. Why, hello! where did you come from?"

This question was addressed to John Carter, who stood, as George K. had an hour earlier, in the doorway. At Charmian's greeting he came forward, tossed his hat on the desk, and answered: "I couldn't resist the lure of that open door. I never pass here, Charmian, without a homesick twinge. Never again shall I have an office that so exactly suits me. And I miss you and Grandma more than you'd guess. You see, there's not enough sickness this time of year to keep me from thinking of things that had better be forgotten. Well, let's forget 'em! I'm glad more cheerfully. What brought you here this morning, may I ask?"

Charmian told him, adding that the old doctor had made the year for her, and that George K. had a purchaser for the house.

"So you see," she ended, "everything's done except telling Grandma. I admit that I can't quite face the thought of that ordeal."

The young man looked very serious as he replied: "Let me tell her, Charmian. I'm hardened to breaking unpleasant truths to people. Besides, unless I'm mistaken, Grandma is fond of me. I can break the news as painlessly as you can."

He was seated on Great-grandfather Davis's old desk, and the girl looked up at him from the chair, her blue eyes misting.

"John Carter, I ought to be ashamed! I don't believe a girl ever had such friends before. Here's Uncle George wanting to give me an allowance as I needn't sell the place; and you—Well, I hope some day I can repay you for all you've done for us."

"You won't be cheated while I do the bargaining, my child. You ought to get enough, reserving this building and a small strip of land; so you can live on the interest—in Wickfield. I'll see that you do. Once you make the change, Charmian, I think you'll find life surprisingly easier; and after all, you'll still be occupying a corner of your ancestral acres, if that's any comfort."

Charmian was looking through the open easement toward the homestead that was her greatest pride. She said, at last: "It ought to be, of course, but I'll be hard to see strangers come in and out of the old house. Who wants it, Uncle George?"

George K. hesitated a moment before he answered: "I'm not at liberty to say at present; though I don't see why. It's some one who's driven through Wickfield frequently, and taken a fancy to the place. He's a young man, who, I believe, is going to be married; but he said there'd be no hurry about your getting out. In fact, he'd like you to stay on for a while, as caretaker, and superintend the necessary repairs. I suppose when it comes to any real remodeling he'll get the verdict of the lady in the case. That's all I know."

"Then, you really mean that the house is as good as sold?"

"I'm sure of it. I'll drop him a line today and ask when the papers can be signed. As for this little place, Charmian, with a few alterations it can be made delightful; and Grandma will be happy knowing your work is lighter. It's without doubt the sensible thing to do."

"I'm afraid," said Charmian as he arose, "that I don't like being sensible, Uncle George. Do you think these people are the sort who'll spoil the house with the wrong sort of improvements? The way so many old houses have been spoiled?"

"I'm sure they're not," was the emphatic answer. "It's quaintness

SCIATICA?

Here is a never-failing form of relief from sciatic pain:

Take Aspirin tablets and you'll avoid suffering from sciatic—lumbago—and similar excruciating pains. They do relieve; they don't do any harm. Just make sure it is genuine.

ASPIRIN

TRADE MARK REG.

and been to us this year. But I guess I'll have to tell Grandma myself. It seems, somehow, as if I ought to; but if my courage deserts me at the last moment I'll make an ignominious retreat and send for you. Now that's enough of my troubles for one day. Let's hear yours for a change."

Late that afternoon when Charmian returned from a call at the Merrys', she found Grandma, bright-eyed, at the window.

"I've been been gallivanting," she explained as the girl kissed her. "Just after you started along came the doctor and made me go for a ride. We've been clear to Eastboro, and I don't feel one mile tired. I will say that his car's a sight more comfortable than Edna's How's was at the last."

"I'm glad you've had such a good time," smiled Charmian. "Mrs. Merry has a new picture of the baby; and Madge wrote that he'd send me another view. He's terribly cunning—looks for all the world like a miniature George. What do you want for supper, Grandma? It's almost time."

(To Be Continued.)

New Northern Air Route

From Scotland To Winnipeg By Air Seems a Possibility

The leader of the British Arctic Air Route Expedition, H. G. Watkins, makes out a good case for air travel from Scotland to Winnipeg by way of Greenland. On the line the Faroe Islands and Iceland, and nowhere are there more than three hundred miles of water to be flown. The route is between the handiworks of fog and the Greenland ice cap with its menace to aviators. The Air Ministry is making a survey of the route, and it is expected that the crossing of Davis Strait and Baffin Land, and the feasibility of a route thence to Southampton Island, Hudson Bay down to Fort Churchill, and thence to Winnipeg, Mr. Watkins predicts that they will do "novel and exciting work" in Greenland. And if the famous ice cap presents no serious obstacle to aviators, the prospects for an air route from Scotland to Winnipeg will begin to look bright.

—New Outlook.

Island Disappears

Volcanic Disturbance Causes Island To Sink Beneath Seas

A despatch from Java says the island of Anak Krakatau, or translated into English, Child of Krakatau, which recently had a height of 170 feet, recently disappeared beneath the surface of the sea during intense activity of nearby Krakatau volcano which is throwing out fountains of fire.

From May to August, 1883 there occurred there probably the most tremendous volcanic eruptions of modern times, by which two-thirds of the island was completely swept away. A gigantic wave was formed by which 20,000 people perished, the wave propagating itself as far away as the English Channel.

All mothers can put away anxiety regarding their suffering children when they have Mother Graves' Exterminator to give relief. Its effects are sure and lasting.

Shortage Of Radium Radium supplies in the Congo may decrease rapidly owing to the exhaustion of the ore, according to a Johannesburg, South Africa, newspaper, which declares its information is from a reliable source. The result, it is predicted, will be a radium famine with the present price of \$60,000 a gramme being doubled or tripled within a year or two.

Weed Menace The time of year has arrived when a real blow can be struck at the weed menace. After-harvest cultivation is one of those old-time methods that should be revived.—Farmers' Advocate.

Mindard's Liniment removes, Warls, relieves Bunions.

English Boy Scouts To Visit Jasper

Will Spend Six Weeks In Roughing It Over Mountain Trails

With three "billy cans" and two saucapans, home made tents and rubber ground sheets, and only two blankets apiece, 16 members of the 9th troop of Boy Scouts, Leeds, England, passed through Winnipeg recently over the lines of the Canadian National Railways for Jasper National Park, where they will spend six weeks in "roughing it" over the trails of this famous game sanctuary. The boys, who are all pupils of the Leeds Modern Grammar School, are in charge of Dr. G. F. Norton, headmaster of the school, and arrived in Canada on the S.S. Megantic. After visiting Ottawa, they took train for the west and, enroute, have cooked their own meals, used their own blankets and made up their own berths.

When the boys arrive in Jasper, they will leave the main roads and hike into the back country, carrying their food on their backs. Tentative plans have been planned to the Malaga Lake district and to the famous Columbia Ice Fields. Possibly a climb of Mount Edith Cavell may be attempted, as there are a number of enthusiastic alpinists in the party and, although the main object of the visit is to explore the districts not generally visited by tourists, a day or so may be set aside for the ascent. On leaving Winnipeg, the boys were eagerly looking forward to a period of "rock roughing it" in the Canadian Rockies.

Rub It In For Lame Back—A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Radio Announcer Is

Made Indian Chief

First Radio Announcer In The World To Be Appointed Indian Chief

The first radio announcer in the world to be appointed chief of an Indian tribe is George Wright, of CNRY, the Vancouver broadcasting station of the Canadian National Railways. Wright has been made a chief of the Squamish Indians, and given the title of "Chief, Sa-Sagay-Sa-Chain which, translated, means Chief Flying Voice. The honor was conferred upon Wright for his assistance in calling to the dying chief of the tribe a daughter who was near hundreds of miles away in a remote section of British Columbia. The last request of the chief was that his daughter be brought to see him.

The museum of comparative zoology, of Harvard, recently received a collection of about 8,000 Hymenopterous insects from Chile.

Gyproc Makes Summer Homes FIRE-SAFE!

PROTECT your family by making your Summer home draught-proof, dust-proof and fire-safe. The new ivory coloured Gyproc, that does not burn will render you this service at small cost.

Use it for structurally strong walls, ceilings and partitions. It needs no decoration (when panelled) but you can tint, paper or plaster it if you wish. It is easily and quickly applied, is a permanent asset, and is vastly superior to other building materials.

Your dealer's name is listed below. Ask him today for full information on Gyproc Wallboard or send for interesting free book "Building and Remodelling with Gyproc."

Little Helps For This Week

"Lead us not into temptation." — Matthew vi. 13.

Ah! He who prayed the prayer of all mankind Summed in those few, brief, words the mightiest plea. For erring souls before the courts of heaven— Save us from being tempted—lest we fall.

—Oliver Wendell Holmes.

The petition of "Lead us not into temptation" is the prayer of Christian humility, conscious of its own weakness. If this prayer is truly offered, it may supersede the necessity of temptation. If we are already conscious of our weakness, we may not need the trial which is sent to show us our weakness.

—James Freeman Clarke.

Mindard's Liniment for Lumbago and Neuralgia.

One Thing At A Time

Auto Driver Finds He Cannot Attend To Two Things At Once

"If at first you don't succeed, try it later."—Revised by E. F. Gillis, of Evanston, Ill.

Gillis, driving home, attempted to light a cigar. Pulling out his mechanical cigar lighter he snapped it. It clicked, but there was no spark, no flame. Changing hands, he tried again with the same result. Then he tried both hands, holding one over the lighter to protect the flame, if any. He gave a vicious push with the other hand.

He regained consciousness in a hospital, where they told him he had run into a tree, that he still held the lighter when they pulled him out, and that he would recover.

CAUSES OF UNEMPLOYMENT

A visit to the city, any city, these days, and the observant person will see groups of men watching a steam shovel at work. To a large extent the watchful men are unemployed. At the slightest sign from the foreman in charge, they would press eagerly forward to take any kind of a job. The mechanical shovel, however, can take as much in one scoop as the combined laboring power of the unemployed men who are looking on. This is one reason for unemployment.

There is the orthodox answer, of course, about every labor-saving device opening up new opportunities for more men than machinery displaces. In the nineteenth century and in the earlier years of this century this answer probably held good, where labor-saving devices do actually stimulate employment for new workers, even while the labor of others is dispensed with. But, obviously, there must be a limit to the process of creating more employment by labor-saving. There are signs throughout the world that this limit is gradually being reached. The peak of the employment of manual labor is already beginning to recede. It is, therefore, time to cease meeting twentieth century conditions with nineteenth century arguments.

Many people today pin their faith on industrial research as a means of providing more employment. But the major portion of industrial research is to increase efficiency in production and eliminate waste, whether in material or labor. Obviously the scientific organization of industry cannot be primarily for the purpose of creating employment, for this can be done by the much simpler process of scrapping the steam shovel and setting a gang of men to work with hand shovels instead.

Statesmen will have to dig deep to get at the roots of the problems of poverty—which is the problem of unemployment. It goes deeper than the problem of production. Production, indeed has outrun distribution, giving rise to the astonishing illogical cry of "over production." Scientific research, invention, education, management, progress generally in the organization of men and machinery, has already made it possible to produce goods in excess of what the business man calls the "current needs" of consumers. Which means, of course, that production has forged ahead of purchasing power.

The day may come when the statesmen and the industrialists of the world will approach the problem of unemployment from a new angle. They may recognize that the factor of consumption is just as important as the factor of production if the wheels of industry are to be kept going steadily. The value of the wage-earner as a consumer may be more generally considered.

The elimination of unemployment will be reached through the elimination of involuntary poverty. On first step along this path away from poverty in the midst of plenty, must obviously come through an increase in purchasing power. The perpetual cry of "over-production" will continue to be heard until those engaged in production receive a much greater proportion of what they produce, or its equivalent, than they do at present.—Edison-Jasper Signal.

An educated man is one who knows that a college degree is just a label on a bottle that may be empty.

WOMEN'S INSTITUTE
CONFERENCE

The tenth annual conference of the Women's Institute of the Pincher Creek and Rocky Mountain constituency was held at Pincher Station on August 14th. The weather was ideal, when forty-eight women turned out to one of the best conferences ever held here.

Mrs. Montgomery, provincial president; Mrs. Alcock, district director; Mrs. Blanchard, constituency convenor, and Mrs. M. A. Murphy, constituency secretary, occupied the platform.

The meeting opened with the singing of "O Canada," with Mrs. Eddy, of Beaver Mines, at the piano. The minutes were read and adopted. The address of welcome was made by Mrs. Rob'nson, of Ashvale, and was replied to by Mrs. Eddy, of Beaver Mines. A piano solo was given by Miss Sylvia Murphy, of C.W.N.A. Next came the reports from the branch institutes, which were read by Mrs. Hammond, Mrs. Hamilton, Mrs. Murphy and Mrs. Nelson. An encouraging talk was given by Mrs. Blanchard on baby clinics and the possibilities for women. Taking as her keynote "It can be done," never give up, she said, until after you have tried. The crowd was next favored with a recitation by Miss Billie Smith, of Lundbreck. An outstanding address was given by Mrs. Alcock, when she spoke on the "Care of babies and young mothers." She believes in developing personality in children. "Psychology," she says, could be used to advantage in raising a family. Let the boy help choose his own life profession, she went on to say. She insisted in teaching children obedience and to have a respect for Holy Scripture before school age. One of the greatest keynotes to happiness, she thinks, is to do all you can for your fellow man.

Reports of standing committees were now given, when Mrs. Murphy, on "Agriculture," stressed the possibilities of home production, the growing of trees, hardy flowers and shrubbery; the value of birds around the home and gardens; and to growing crops. The cost of living should be lessened by growing a good vegetable garden, as well as small fruits, while the dairy cow is one of Canada's mortgage lifters, Mrs. Murphy thinks.

Reporting on "Education and better schools," Mrs. Hammond, of Pincher Station, said that she believes in better inspection of schools, especially in rural districts. Healthy habits should be taught the child before school age, said Mrs. Hammond. She insists that every W.I. member be a stepping stone toward better education.

When Mrs. Bent, of Lundbreck, gave her report on "Emigration," she advocated being more considerate of the people of other lands coming to our country to make their homes among us. Give them a welcome, she said, and make them feel as though they were not strangers. Mrs. Hamilton, of Beaver Mines, gave the report on "Legislation," saying that when we were growing up, it was the church, home and school; but now it's the school, home and church, maybe.

In reporting on "Child Welfare," Mrs. Morrison, of Cowley, said that this constituency was doing a lot to help in worthy causes. She cited several instances where real help had been of great benefit to needy sufferers.

Mrs. Lynch-Staunton gave a very interesting report on "Canadianization," when she stressed the importance of the study of Canadian traditions. Secure the early history of our people, she said, and asked every W.I. member to try to make Canada a better place to live in.

Mrs. Connelly, of Lundbreck, said, in reporting on "Canadian Industries," that Canada has an unlimited source of cheap power from its numerous rivers, making it ideal as a manufacturing country. She said commercial industries are moving ahead at a rapid rate in Canada, and

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services for Sunday, August 21st, Rev. Walter Little, of Foremost, in charge.

10 a.m.—JUNIOR SCHOOL.
11 a.m.—SENIOR SCHOOL and PUBLIC WORSHIP.

SALVATION ARMY, COLEMAN

Sunday, 11 a.m.—Holiness meeting; 2 p.m., Directory class for the young people; 2:30 p.m., Company meeting; 7 p.m., Salvation meeting.

About the only thing that comes to him who waits is whiskers.

Mr. S. Hall, of Calgary, has been appointed to a position on the teaching staff at Strathmore.

Fathers Harrington and Lehman have returned from a vacation trip west.

Magistrate J. W. Gresham has been confined to his home through illness for the past few days.

Rev. Father Harrington has as a visitor for a few days a brother from Ontario.

Charlie Sartoris is due to arrive this week end from a tour of Europe and the States by motor.

To live long and happy, one shouldn't let business interfere with fishing.

The next job will be to design a suitable sport costume for a golf without making it too much like rompers.

Dr. and Mrs. Roy K. Little returned last week end from a vacation visit with the former's parents at Creston, B.C.

Most men are at least fairly sensible in the selection of their wives' clothing. They let their wives do the selecting.

Rev. W. T. and Mrs. Young, accompanied by their son and daughter, Anglin and Olive, and Miss Aiken, of Millet, passed through Blairmore today motoring from Calgary around the Banff-Windermere route.

Miss Marietta Wheatley, of the provincial training school staff, had some letters for her dropped from an aeroplane over the school last Wednesday. This is reported to be the first actual delivery of air mail at Red Deer by plane.—Red Deer Advertiser.

that agricultural production is its greatest industry today.

Miss Chappell, of Blairmore, gave a delightful piano solo, after which Mrs. Montgomery delivered an able address on the early institute work of Canada and the beginning of the early development of the country, also the beginning of agriculture in Alberta one hundred and fifty-one years ago. She said that communities would benefit by holding baby clinics annually. She stressed the importance of sending an agricultural exhibit from Alberta to the National Exhibition at Toronto this year.

The conference was invited to meet at Beaver Mines next year.

At the close of the conference, the crowd was favored with two song selections by Mrs. Montgomery, which were much appreciated.

A resolution was passed, making October the 1st Peony Day.

The conference adjourned by singing "God Save The King," when a delicious repast was served by the Ashvale ladies.

MOTORS TO ARCTIC BORDER

After driving in a motor car almost to the Arctic, and traversing a total of 2000 miles in less than two months, Dr. P. E. Doolittle, of Toronto, recently returned to his home. He did not quite reach the land of the midnight sun, he says, but at least he motored into the "land of golden twilight." At Hazelton, B.C., which is 800 miles north of Vancouver, there was no sun at all, but the glow never left the sky. It is the nearest point to the Arctic that can be reached by motor car. Dr. Doolittle, whose work on behalf of Canadian motorists is well known, expressed once again the regret that the Pacific Coast could not be reached without detouring into United States territory around the south shore of Lake Superior. He added the hope that an all-Canada motor highway would soon be a reality.

McDONALD TRIUMPHS

DRUMHELLER, Aug. 18.—Roddie McDonald, ex-Canadian middleweight champion, who is in pretty fair shape at the present time, showed the fans in the boxing tent at the Elks' carnival some of his old time stuff, when he accepted the challenge of the main man in the athletic show tent Thursday night. The travelling boxer could not make any impression on the Nova Scotia wild cat, while McDonald won the money put up for anyone who could beat or stay with the travelling champion.

Speaking of tight druggists, what about a leather medal for the one who advertised a cigarette lighter free with every purchase and then presented his patrons with a match.

Province of Alberta

Registration of Threshing Machines, Sec. 2, Chap. 183, R.S.A., 1922.

Owners or operators of Threshing Machines, including Combines, are required to register same before the commencement of harvesting operations

by sending Postal Note for License—\$1.00 for each machine—with particulars of name and address of owner or operator to

WAR VETERANS

ALLOWANCE ACT

Art Wakelyn, the provincial secretary of the Canadian Legion, B.E.S.L., in Alberta, through the courtesy of The Blaimore Enterprise, announces the benefits of the War Veterans' Allowance Act which becomes effective on the 1st of September, 1930.

Subject to the provisions of the above Act, allowances are payable to veterans of the Great War (1914-21) who saw service in an actual theatre of war. Men who saw service in Canada or England only are not eligible unless they are pensioned or have received a final payment for a disability of 5% or more in lieu thereof.

The applicant must have attained the age of sixty years or be permanently unemployed by reason of physical or mental disability. The Act contains reservations as to income and restricts the amount payable to \$20.00 per month to a single man or \$40.00 a month to a married man, and requires one year's residence in Canada immediately prior to application.

In Alberta the men should apply to the Department of Pensions and National Health, either at Calgary or Edmonton, for a preliminary application form.

Any prospective applicant in doubt as to the operation of the Act can receive full information from any chartered Branch of the Legion in Alberta.

The easiest way to become a fluent speaker is to practice by addressing a flat tire.

New York is the second largest Italian city in the world and the third largest Russian city.

Remember when father used to swing Indian clubs and raise dumbbells? Well, he has quit swinging Indian clubs.

The Elbow Park branch of the Bank of Montreal at Calgary was held up by a lone bandit at noon yesterday, who got away with around \$7,000 loot.

Rev. H. H. Bingham, prominent Calgary minister, will be the next pastor of Walmer Road Baptist church in Toronto, succeeding Rev. Dr. John McNeil.

The marriage of one of the members of the Blaimore teaching staff to a former Blaimoreite now residing at Kimberley, is to take place very shortly.

Mr. and Mrs. Blesard and family were down from Kimberley for a day or two last week. Mr. Blesard was formerly connected with the Knapman Plumbing & Heating Co. here.

George Goudie, former sales manager with the P. Burns Company, Calgary, now with the Union Packing Company in a similar position, was in The Pass last week.

Highway police of Illinois have been instructed to stop drivers of automobiles having only one light and direct them to the nearest garage for repairs. If the light is not fixed, the motorist faces arrest.

The application of water to the highway through Blaimore during the past week or two has been appreciated by those conducting business along main street. If the average person—who's sending money away to the mail order houses could only realize the amount of benefit to be derived from such sprinkling and the necessitous cost to the local merchant, they might well see the wisdom of spending their money at home.

A good specimen of dinosaur jawbone was excavated last week at Rosedale by Harold Lowe. Due to lack of proper implements, the jawbone was cracked while being taken out of the hillside, but despite the fracture, it is one of the best samples yet discovered in the district. At present the bone is embedded in limestone, but Mr. Lowe is making it ready for exhibition in the local Public Library specimen case. The tooth magazines are in an excellent state of preservation, and have a large number of teeth attached.

Patron (in Scotch restaurant): "Water, there is a fly in this soup!"
Waiter: "Weel, sir, a little fly would na' hae eaten much o' it."—Ex.

EDUCATION OF SOLDIERS' CHILDREN ACT

Art Wakelyn, the provincial secretary of the Canadian Legion, B.E.S.L., in Alberta, has asked us to be kind enough to publish the terms of the Alberta Provincial Act passed this year under which applications might be made for assistance to the children of ex-soldiers who require aid in obtaining further training in life as follows:

1. The educational facilities which the Board may authorize shall be: (a) academic courses up to obtaining the standing required for entrance into the University of Alberta, or for a second class teacher's diploma; (b) technical, agricultural, and commercial courses in those institutes which are covered by the Inspectorate of the Departments of Education and Agriculture; (c) nursing, domestic science and kindred subjects covered by the Inspectorate of the Department of Health.

2. The Board is only empowered to grant assistance to children who have attained Grade VIII (eight) standing or higher.

Further information can be obtained from any branch of the Canadian Legion, B.E.S.L., in Alberta, or direct from the Registrar, The Education of Soldiers' Children Act, P.O. Box 667, Edmonton, Alberta.

A new greyhound of the seas will come from the Clyde, it is announced. John Brown & Co., shipbuilders, of Clydebank, have been given an order for the construction of a Canadian liner, to cost \$28,000,000, for express service between the Channel ports and New York. The construction will provide employment for thousands of men for at least three years. The engines of the new liner will be constructed to develop 600,000 horsepower. The length of the vessel over all will be 1,000 feet, and there will be accommodation for 4,000 passengers and crew of 800.

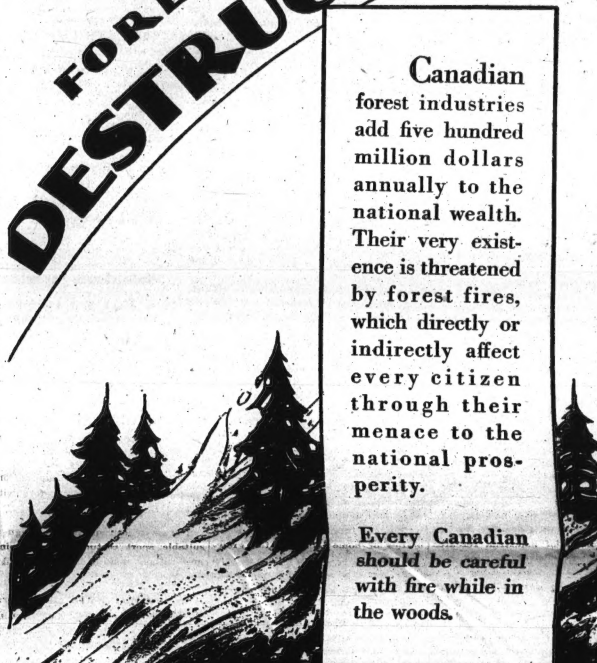

Capt. W. A. Beebe, of Blaimore, is well worthy of being ranked among the celebrities of the district. He has seen the town and district develop from the hamlet stage into a very important industrial area, and throughout it all has taken an active interest and played no mean part in assisting in its development. Prominent as a representative on school boards and town councils, he still breathes energy and enthusiasm and maintains that optimistic outlook on life generally that is quite refreshing. His record of community service is well worthy of recognition and sets a good example.—Coleman Journal.

"Mumsey, can I borrow papa's trousers-press," said a little boy.
"We're playing Spanish Inquisition and I want to torture Ethel."

He (bragging about ancestry): "Yes, my father sprang from a line of peers."
Bored Listener: "Did he drown?"

A World Subject of Discussion

The whole civilized world is discussing one subject today.—Tariffs. And in those countries which are the more highly organized, where the standard of living is highest, where the most modern and efficient methods of production, both in agriculture and in industry, prevail, the discussion is most keen.

For over a year and a half the United States has been in the throes of a nation-wide struggle over the new Hawley-Smoot tariff, the effect of which is to raise duties against all other countries to a height never before attained.

In Great Britain, Lord Beaverbrook, supported by his fellow publisher, Lord Rothermere, is engaged in a great campaign of publicity with the object of swinging the British people into support of a new fiscal system, based on the idea of free trade within the Empire, or as near an approach to it as possible, coupled with tariffs against all foreign countries. Ex-Premier Baldwin still maintains his stance in favor of what are termed "safeguarding" of industry duties, coupled with a referendum on the question of placing a tax on food supplies in order that a preference may be given to the overseas Dominions.

In France, in Germany, in Italy, and in other European countries feelings akin to bitterness have developed against the United States because of the higher duties that country has levied against the world. All these nations, heavy debtors to the United States, feel outraged that the only means whereby they can pay their war debts to the U.S., namely, by exports to that country, is thus largely closed to them. Talk of reprisals is general, and in a number of instances higher tariffs have been imposed, particularly on products and manufactured goods in which the United States is a large exporter.

The Commonwealth of Australia, finding itself over-burdened with an extremely heavy national debt, and in need of larger revenues, has raised its tariff to new heights, and in regard to certain articles has entirely prohibited their importation.

In Canada, the recent Budget of Hon. C. A. Dunning, imposing countervailing duties on a specified list of articles against the United States, raising other duties as against that country, and increasing the scope of the preference accorded to Great Britain and other parts of the Empire, is now a daily household topic all over the Dominion, and the outstanding issue in the general election campaign now in progress.

Without presuming to offer any opinion on the relative merits of High Tariffs, Low Tariffs, or no Tariffs at all, because to do so would be to enter into the realm of partisan discussion, and such discussion is rigidly barred in this column, the question may well be asked: What is to be the outcome of this world tendency on the part of practically all nations to erect trade barriers one against the other, and each one against the other?

Certain facts must be recognized and admitted by all. It cannot be denied that Tariffs do engender hard feelings and suspicions between nations, and when such feelings develop, no matter what the cause, there is always great danger of the ensuing bitterness becoming gradually more intense, and the opposing peoples brought to a state of mind where they are less ready to co-operate in other matters for the common good of all. In a word, international goodwill is placed in jeopardy, and a situation created where some little spark might easily start a mighty conflagration.—another World War in fact.

But even should such a dire calamity not result, what is going to be the economic effect on the world, and on each separate nation, if we are all to pursue the policy of erecting trade barriers each against the others? The logical end, of course, would be the complete cessation of all international trade. With each nation refusing to buy from other nations, or at least making it as difficult as possible to do so, it would inevitably follow that no nation could sell to any other nation, or to a very limited extent. This is a situation that must be faced, because it is looming up on the horizon in view of the economic and fiscal policies now under such wide discussion.

If nations decide not to buy largely, or at all from other nations, it follows, we repeat, that there will be no buying nations to which other nations can sell. With this rebound to the advantage of any nation? Take the United States as an example. If it refuses to buy from others, and those others in return refuse to buy from it, will the United States be better off? Can its own people consume the enormous output of its factories and fields? The answer, of course, is "No." Then the inevitable result is less production, which in turn means less employment, and decreased employment means decreased buying power, and that means a still further decrease in consumption, production, employment, buying power.

It means further that if other nations will not buy goods made in the United States, the manufacturers in that country will erect branch factories in foreign lands, and employ the people of those countries. Thus these foreign people will secure employment at the expense of the United States workers.

And if other countries follow the same policy and do likewise, how much better off will any one of them be than if they continued to raise their crops for which by nature they are best fitted to produce, or manufacture largely for world trade, and each distribute freely one to the other?

The need of the hour in all lands would appear to be sound thinking and sane consideration of basic economic principles, divorced from purely nationalistic desires and ambitions.

Keep Outdoors in Summer

Get the outdoor habit this summer. It improves both the health and the temper. Clothes that are needed on the porch, peas can be shelled and potatoes peeled out in the open air quite as efficiently as inside. You can even take your lunch tray outside with a few extra straws and eat de luxe in the great outdoors.

Not only his King George of England won the same crown for 20 years, but it seems he hasn't had it reblocked or the band changed.

You probably think you have made your last worthless investment, but you haven't.

CORNS RELIEVED instantly!

Farm Loans Act

Six Canadian Provinces Have Taken Advantage Of The Act

Six of the provinces of Canada—Nova Scotia, New Brunswick, Quebec, Manitoba, Alberta and British Columbia—have taken advantage of the Farm Loan Act of Canada, securing long term mortgage credit. At the end of March loans to the amount of \$4,351,990 had been approved. Each borrower becomes a shareholder in company with the Canadian and Provincial Governments and receives his share of the profits. Loans are made on first mortgages on farm lands and farm buildings.

A REAL NERVE TONIC

Is a Bountiful Supply Of Rich Health-Giving Blood

Sufferers from nervous debility find themselves tired, low-spirited and unable to keep their minds on anything. They are totally unfit to perform their everyday duties.

Ducting the nerves with sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. To secure this rich, red blood Dr. Williams' Pink Pills should be taken. Enriching and purifying the blood in their whole system. Concerning them Mrs. Albert Bentley, Bancroft, Ont., writes: "Two years ago I was a complete wreck, in bed for seven months; extremely nervous had no color. Nothing I tried seemed to help me till I began Dr. Williams' Pink Pills. My condition is now improved and today I am well and able for anything without fatigue or trouble."

You can get these pills from any medicine dealer or by mail at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Saskatchewan Appointment

P. C. Ward Now Chief Clerk Of Natural Resources Department

Official announcement was made recently of the appointment of P. C. Ward, Regina, as chief clerk in the Provincial Department of Natural Resources. Mr. Ward is also a member of the public service commission, and in the absence of P. H. Shelton, is acting chairman of that body. Previous to the appointment of the commission, Mr. Ward was civil service commissioner for a number of years.

Use Miller's Worm Powders and the battle against worms is won. These powders correct the morbid conditions of the stomach which nourish the worms. The worms, in turn, cannot exist after they come in contact with the medicine. The worms are rapidly exterminated with other refuse from the bowels. Soundness is imparted to the organs and the health of the child steadily improves.

Saskatchewan Pool Elevators

Handled 87 Per Cent. Of All Pool Grains Delivered In Province

During the present crop year Saskatchewan Pool Elevators Limited have handled 87.2 per cent. of all pool grain delivered in the province, according to an official report. This is the highest percentage that the organization has handled in any crop year to date.

Red Clover Seed Record

The production of red clover seed in Canada, in 1929, was the largest in the past quarter of a century. One of the most important legume crops, red clover for successful growing depends on hardy acclimated seed. Special attention is being paid by the Seed Branch of the Dominion Department of Agriculture to the growing of registered red clover seed.

The Terror Of Asthma comes like a thief in the night with its dreadful choking, robbing its victim of breath. It seems beyond the power of human aid to relieve until one trial is made of that remarkable preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. Life becomes worth living, and, if the remedy is used persistently, the disease is put permanently to rest. There is no substitute.

Canada Sound Financially

Canada was described as the most sanely optimistic country he had ever seen in by Sir William Letts, British automobile executive in an interview given at Toronto. He had visited the United States and the countries of Europe and had found Canada in what he believed to be healthier financial condition than any of the others.

Relieve Insect Bites!

Minard's neutralizes the poison of mosquito and black fly bites. A dependable antiseptic.

MINARD'S
"KING OF PAIN"

Prepared For Emergency

Jones called upon his friend Smith and found him sitting in his shed with the much-mended inner tube of his bicycle under his knee.

"Puncture, Smith?" He asked sympathetically. "The shoe skinned my head."

"Then why are you covering the tube with all those patches?" inquired Jones wonderingly.

"Well, you see," explained Smith, "when I do get a puncture I'll be already mended."

Galileo's first telescope was made of a piece of pipe organ with a lens at either end.

Weather Service For Fliers

Conditions Made Much Safer For Adventurous Air Explorers

The non-stop "planes which may leave Europe to try the hitherto almost certain death westward flight across the North Atlantic, have a new aid. This is new weather service, started in May, 1930, that plans the first complete ocean forecasting. In its files are pictures that explain better than words why but how west-bound non-stop "plane has crossed the North Atlantic, while eight have made it in the other direction.

Take, for illustration, one of these pictures, the weather map of the North Atlantic on November 25 last, made during preliminary organization. The lines that mark the course of the winds trace a vast shape, that looks like a devil fish filling the ocean from Newfoundland to Ireland.

Its eyes are two whirling cyclones, set one-third the distance out from each shore. Its tentacles swing southward to the Azores, and north nearly to Greenland. On it the thing which swallowed the westbound flier without trace, from the French coast, Nungesser, to Princess Lowenstein-Wertheim, and the Hon. E. E. Mackay, is apparent. It is a steady rush of air toward Europe.

Its eyes are two whirling cyclones, its direction changes, yet its average is always into the teeth of the west-bound "plane, with a range from 10 miles an hour up to raging gales. It flows like the Gulf Stream, centering about the French coast, and widening, and subject to swings of nearly 1,000 miles. Westbound "planes bucking even the mildest of these currents, were cut down 10 miles an hour, and often far more. These figures must be multiplied by two to obtain the actual disadvantage.

The effect gives the westbound flier a far wider ocean to cross, as if the American coastline were pushed nearly to Chicago. The new ocean forecasting can warn of tempests that sometimes develop from nothing even during the few hours a crossing plane takes.

The resulting charts are made by Thomas Kingsley of the New York weather bureau. "For 15 years, he has worked voluntarily extra hours on ocean weather, as a hobby. E. E. Calvert, chief of the forecast division at Washington, made two trips to Europe, in getting the work started.

Alberta Gas Fields

Three Hundred Million Cubic Feet Wasted Daily, Belong Burned

Oil and gas wells drilled in Alberta fields have combined gas capacity of approximately 560,000,000 cubic feet daily. This figure includes wells which have been capped.

This figure is made up as follows: Turner Valley, 200,000,000 cubic feet wasted daily, burned in the air. From 15,000,000 to 20,000,000 cubic feet used daily.

Rogers Imperial Well: This capped well is believed capable of producing 60,000,000 cubic feet daily.

Burdett and Bow Island: This field, with 19 wells capped, is believed capable of producing between 50,000,000 and 60,000,000 cubic feet daily. Medicine Hat field: This field produces 4,000,000 cubic feet daily, practically all of which is used.

Viking field, near Edmonton: This field has a capacity of 75,000,000 cubic feet daily. There are 21 wells. Kinross field: This field has a capacity of about 30,000,000 cubic feet daily.

Wainwright, Ribstone and other small gasers throughout the province have a combined capacity of about 25,000,000 cubic feet daily.

Keep your stock free from blemish with Douglas' Egyptian Liniment. Removes inflammation, quickly relieves bruises, sprains, strains, stiffness, contraction of cords, stiffness of joints, and sore muscles.

Books Can Be Decorative

The decorative use of books is greatly overlooked in many homes. Books, aside from being a concrete evidence of alert mental life going on in a home, can be capitalized into becoming an important part of an interior decorating plan. If you have much space, walls of low book shelves are extremely satisfactory. To balance a fireplace or an overstuffed davenport, table and lamp unit.

The first sheet of paper is stated to have been made from the bark of a mulberry tree in the year 75.

Mexico's metal production is increasing.

Alluring Advertising

Poster Issued By Light Dragons In 1801 Made Attractive Reading

Have the military authorities lost the art of attractive advertisement? Most people think that the twentieth century is much superior to the nineteenth so far as advertising is concerned, but there are no modern recruiting posters that can compare with a notice issued on behalf of the Light Dragons in 1801, and which was referred to by the Secretary of State for War recently. "You will be mounted," this notice informed potential recruits, "on the finest horses in the world, with superb clothing and the richest accoutrements... your society is courted; you are admired by the fair." It went on to hold out the alluring prospect of marriage with "a buxom widow" or "a rich heiress," which rendered the Light Dragon's situation "truly enviable and desirable."

Recipes For This Week

(By Betty Barclay)

SUMMER SALAD COMBINATIONS

Here are a couple of simple recipes for summer salads, that should come in handy at this time. Liberal servings of such salads will enable you to eat less of the heavy foods, and thus put yourself in better position to stand the heat of summer.

Cherry Delight: Arrange three or four large orange sections around edge of a lettuce cup made by cutting a small head of lettuce in two and scooping center from one half. Fill center of cup with stoned cherries, serve with mayonnaise or boiled dressing.

Orange and Strawberry: For each serving use one slice pineapple, quartered; and three or four orange slices, halved. Garnish with four large, ripe, unshelled strawberries. Top with a marshmallow half.

A DELICACY WITH FRESH BERRIES

1 package vanilla junket.
1 pint milk.
Strawberries.
Powdered sugar.

Make junket according to directions on package. When ready to serve, dust berries with powdered sugar and fill up the glasses.

Fruits like oranges, pineapple and strawberries should not be put into the milk when making junket, as the fruit causes it to curdle. Crushed and sweetened, these fruits make tasty toppings.

Blackberries or raspberries may be put into the desert, also canned or preserved berries, peaches or other fruits.

Minard's Liniment gives quick relief.

Rivals Boy's Pocket

Handbags carried by women are beginning to rival the small boy's pocket for variety of contents. One bag examined recently contained a handkerchief, bundle of letters, diary, mirror, comb, purse, note-book, stocking-mending outfit, cigarette case, lighter, powder-case, lipstick, keys, patterns of cloth and a shoe-lace.

Para-Sani

Cut Down Food Wastage

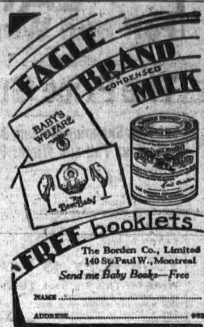

-- by covering all perishable goods with Para-Sani Heavy Waxed Paper. Para-Sani moisture-proof texture will keep them fresh until you are ready to use them.

You'll find the Para-Sani sanitary knife-edged carton handy. Or use "Centre Pull" Packs in sheet form for less exacting uses. At grocers, druggists, stationers.

Ceremonies Were Simple

Memorable Fete In Iceland Opened By King Christian

Christian, King of Iceland, on June 26, opened the 1880 session of the Icelandic Parliament, halting at the very spot where one thousand years ago this oldest parliament in the world first was convened.

King Christian stood upon a huge rock in the middle of the plain of Thingvall, where Grim Coast-guard, the law-giver, in ancient days, recited from memory the entire code of Icelandic law.

The ceremonies were simple as of old, so simple as to obtain an almost religious aspect.

The broad plain, bounded on the south by a great lake, on the north by rugged snow-capped mountains, on the east and west by two great fissures of volcanic formation cut before the dawn of history, was dotted with many thousands of people who had come from far corners of the earth.

Newest Novelty In Paris

Tea Tables Are Now Covered With Map-Cloths

The French need no longer be identified as a race which doesn't know its geography. The newest novelties are map-cloths to cover the tea table. On them are maps embroidered in colors. You can sip tea over Ireland and the Isle of Man, or over the old Barbary States, with all the rivers and mountains named. These novel tea-cloths are in parchment shade which makes them look like leaves out of a real atlas.

"I have nothing but praise for the sermon," said the Scotchman. "And he proved it."

For Blisters and Bolls—Minard's Liniment.

The word "bugger" is an old English word meaning a leather wallet or purse.

COWLEY HAPPENINGS

Charles Mitchell, of Lundbreck, is on the sick list.

Miss Martha Tustian has returned from a visit to Calgary.

Mrs. Leas Tustian, of Homer, was a Cowley visitor on Tuesday.

Miss Isabel Morrison has returned from a holiday trip to Spokane.

Mrs. Archie Stewart has returned, after spending several weeks in Lethbridge.

Mrs. Penn, of Lundbreck, who has been visiting in Montreal for a few weeks, has returned home.

Threshing, which began in this district on August the 15th, will be general by the end of the week.

Miss Agnes Wycliffe has returned home after paying her aunt, Mrs. O'Neal, of Pincher Station, a visit.

Mrs. Mills, of Nemesis, who has been the guest of Dr. and Mrs. Donald for several days, returned home on Saturday.

Miss Freda Tustian, of Chin, who has been spending a holiday with her cousin, Miss Muriel Marlow, has returned home.

Arthur Brockwell has returned from Calgary, where he has been visiting with Mr. and Mrs. Turner for a few days.

Miss Sylvia Blackburn, of Fishburn, is paying a visit to the Misses Edith and Sylvia Murphy this week.

Rev. Mr. Crisp took five of the town boys out to Lee Lake on Monday for a three-day camping trip. The lucky boys were: Sandy McEwen, Jack Bundy, Gordon Swart and Ronald and Lloyd Morrison.

It is with regret that we say that Mr. McLeas, manager of the Royal Bank here, has been ordered by a Calgary specialist to take a complete rest, as his health is in a run down condition.

On Thursday afternoon a heavy shower of rain fell on the homestead of John McCreague, forcing him to stop field work, while his surrounding neighbors, untouched by the downpour, continued with their harvesting.

It is interesting to note that young Gordon Swart, who took the first grade violin examinations from the Toronto Conservatory of Music, tied with Jessie Evans, of Hillcrest, with 82 marks, being first-class honors, while Jack Cowan, who took grade four violin exams from the same conservatory, passed with honors.

Mr. and Mrs. Dick Swift and children, accompanied by Mrs. Robert McLeas and children, all of Calgary, who, after spending a camping holiday at Sylvan Lake, continued on over the Windermere trail, visiting Banff, Golden and Emerald Lake, thence coming to Cowley by way of the Crow's Nest Pass, when they made camp on Todd Creek for a few days, renewed old acquaintances in the district. They intend returning home on Monday.

Those of Cowley, who made entries at the agricultural fair held at Pincher Creek on August the 12th and 13th, were very successful. The winnings are as follows: Mrs. A. J. Snyder first in canned raspberries, first in canned strawberries, first in canned plums and first in men's knitted socks. Mr. A. J. Snyder won first in pastel painting, first in picture done in crayons, second in picture done in water colors. The two pictures were made thirty-three years ago, while the painting was taken from some of his latest work.

Mrs. Wilfred Fortier won first in Barred Plymouth Rock pullet, second in Barred Plymouth Rock cockerel, second in Barred Plymouth Rock pen and second in dairy butter. Mrs. Bundy won first in water color, first in pencil, second in water color, first in pencil, second in crayon, second in pastel, second in photography, second in canned raspberries and second in strawberries.

Local and General Items

Hotels Inspector Follis was in the district this week.

Mariel Kafoury is down from Drumheller on a visit to her father.

Miss Gwen Morgan, of Vancouver, is a guest here of her cousin, Miss Gladys Morgan.

Mr. Shulman, travelling passenger agent for the C.P.R., was in this district yesterday.

Pete Ubertino's new Orpheum theatre at Bassano was opened last week with talkie-movies.

William Robson, of Cranbrook, who is to oppose Hon. H. H. Stevens in East Kootenay, was a visitor here on Sunday.

A wagon containing 4,532,499 cranberries was drawn in by a four-horse team from the T-Bone Ranch yesterday.

Hon. Dr. Manion, in Fort William had a majority over his opponents of 2106. Both opponents lost their deposits.

When the British ship Tahiti went down in the South Pacific on Monday, 317 persons were rescued by the American ship Ventura.

Now that the boys have fallen for the endurance craze, you might tempt Willie to see how many successive days he can endure washing his ears.

Victor L. Taylor, of Glace Bay, has been elected grand master of the I.O.O.F. for the Maritime Provinces, at the 73rd annual convention held at St. John, N.B., last week.

The automotive industry produces more than one million tons of iron and steel scrap annually. It is reported. This is consumed by steel companies.

At a special meeting of the Blairmore Board of School Trustees, held last evening, it was decided to renew lease of the West Ward school, with option to purchase at any future time.

Constable Harry Hammond, A.P. P., accompanied by Mrs. Hammond, spent a day or two in Blairmore this week, meeting old friends. Constable Hammond is now located at Trochu, Alberta.

One of the neatest tricks on record was perpetrated by some local individual a night or two ago, when the battery of Dr. Olivier's car, left standing on the street in front of his home, was disconnected and removed and thrown into the ditch near by.

A dance marathon staged at Chicago has ended, the winners staying on the floor for 2831 hours. The contest ended when medical attendants ordered the other remaining couple off the floor, after an examination of the man's foot showed that it was too sore to continue longer.

The saddest story is about the young Blairmore chap who gave his girl a pair of silk pajamas, with a card attached, saying: "Let this be a symbol of my love," and received a letter from the girl, saying: "Thanks so much for the gift, but if your love is that transparent, I'm through with you."

Discontinuance of immigration from the continent of Europe was announced from Ottawa a few days ago, with exception of experienced farmers of suitable type, who are in possession of ample means to immediately establish and maintain themselves on farms, and the wives and children of persons already established in Canada.

There are at least seven notorious fools, namely: The man who puts the big apples on top; the man who always sees happiness in another town; the man who believes everyone else is crooked; the man who thinks the world owes him a living; the boy who knows more than his father; the girl who can "take care of herself," and the man who tries to match wits with God.

COWEN HAPPENINGS

Jack Thompson spent the week end visiting friends in Coleman.

Mr. and Mrs. N. Tucker were Lethbridge visitors over the week end.

Mr. and Mrs. Joe Podgornick had as their guests for the week end Mr. Podgornick's sisters.

Mr. and Mrs. M. Davis had visitors from Tennessee, U.S.A., on Wednesday of this week.

Several carloads of local citizens attended the picture show at Bellevue on Saturday night.

Mr. and Mrs. Danny Waddington and family and Mrs. Harry Ferryman arrived home from the coast on Monday morning last.

We are very sorry to hear that little Jimmy Greg is a patient in the Fernie hospital, suffering from an attack of appendicitis.

R. Jackson and J. Fiddler have left for England, where they plan spending several months visiting relatives and renewing acquaintances.

Mr. and Mrs. William Stone and family have returned from a motor trip to northern Alberta. They report having had a very enjoyable holiday.

A very successful dance was staged in the Club hall on Wednesday night last. Bill Fraser's orchestra from Blairmore provided music for the evening.

The local barber, Mr. Beauveux, returned to town on Friday morning's train. He has been spending a few days in Calgary undergoing medical treatment.

Dr. and Mrs. Elliott, accompanied by their children, arrived home Thursday night from a short vacation spent at Calgary, Banff, Golden and other points along the Banff-Golden trail.

Mr. and Mrs. Walter Almond, accompanied by their daughters, Violet, Ellen and Marie, left by motor for Vancouver on Saturday last. They plan on spending a short holiday on the western coast.

W. Tucker had the misfortune this week of sustaining a painful injury to his left hand while changing a tyre on his car. Barney Lyne, of Natal, is relieving in the Burns Company shop during Mr. Tucker's convalescence.

THE AMERICANS AND BOOZE

Although the United States is allegedly a prohibition country, there are many heartburnings from time to time over the character of the intoxicating drinks consumed there.

The Americans in the mass are notoriously poor judges of liquor. Their chief national contribution to the art of drinking is the cocktail, and of this the New York World says:

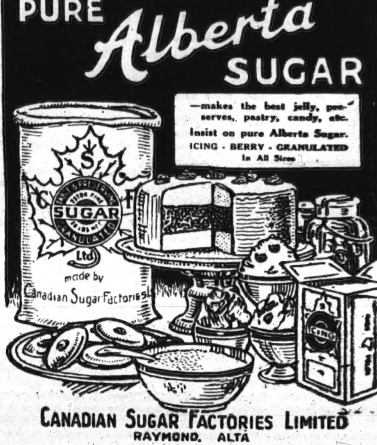

"At present the cocktail may be a sort of necessity, since prohibition has shut off the supply of more distinguished drinks; but let us not delude ourselves, that it is any good, or that it even was any good. It is a product of that pathetic American faith in the science of micrology; the belief that you can take two ingredients, neither of them fit to drink, shake them together with a lump of ice, and have a drink that will knock your eye out. It is a belief, of course, that extends much further than the realm of drinking. But nowhere is its falsity more painful than in drink, for here only one thing matters, and that is quality. If the quality is high, then it needs no mixing; if it is low, mixing merely serves to accentuate the fact."

The annual Highland gathering and Scottish music festival will open at Banff on Friday of next week, under the distinguished patronage of His Royal Highness the Prince of Wales. The festival will continue for four full days, and a most elaborate programme will be carried out.

THEY TAKE IT OUT OF THEIR STOCKINGS

It is well known that the peasants of France are thrifty. According to Monsieur Balbaud, a Frenchman recently visiting Canada, there is no unemployment problem in France, and the peasants are both "eating well and drinking well." For years, even during the war, according to this gentleman, the peasants have made money, which they have carefully guarded by "keeping it in their stockings" rather than send it out to invest. The result is that standards of living are very much higher than they were before the war.

"Now," says M. Balbaud, "the peasants have motor cars and everything," which seem to indicate that they go down into the stockings on this gentleman, the peasants have occasions.

The Russian Menace

Soviet Russia presents a menace to Great Britain, Canada, the United States, in fact, to all countries which depend for their prosperity upon a world export trade. The Russian menace of today is not one of impending war fought by armies and navies, rifles, cannon, tanks, bombs, and aircraft, but of a great economic world trade, and of the countries most likely to be seriously affected by such a struggle the British Commonwealth of Nations, and the United States come first.

Prior to the Great War it was frequently contended that wars between nations were brought about by armament manufacturers and captains of industry seeking territory within which they might enjoy more or less exclusive rights of trading. The Great War itself, was in the final analysis, caused by Germany's ambition to secure larger world markets and a greater colonial empire. The German navy was created for the express purpose of challenging the British navy with this very object in view. Germany failed, but in the Great War the old Russia of the Czars disappeared, and in its place there has arisen the Soviet Republics dominated by the communist workers.

The Soviet leaders are absolutely ruthless in their methods, inspired by the ideals of fanatics, and spurred on by a belief that their ideas of government are the only right ones leading to freedom of the masses as opposed to all other forms of government which they regard as the rule of the hated capitalist classes. To the Soviet leaders all methods are right and fair if they will serve to accomplish their purpose. Hence the nature of the economic struggle now confronting the world.

Having seized the property of all the landed and capitalist classes of Russia, having declared it to be theirs for all purposes to hold in their own hands, contrary to those of the Soviet authorities, and having imposed ultra-communist ideas upon the whole of Russia, the Soviet leaders are now utilizing and working these seized, or stolen, properties with what is to all intents and purposes convict labor. And if there is any shortage of such labor, thousands more are made readily available by trumped-up charges of treason or disobedience to the Soviet, and without trial are thrown into forced labor camps.

Coal, pulpwood, agricultural products, notably wheat, produced under such conditions at a cost against which the producers of no other country can successfully compete, are now beginning to be thrown into the markets of the world. Some tens of thousands of tons of Russian coal have been shipped into Canada; scores of shiploads of Russian pulpwood are being sent to the United States to enter into competition with Canadian pulpwood, pulp and paper; Russian wheat is going to England where it displaces hard Canadian wheat as it is largely of the same hard variety.

And this is only the beginning. The Russian Soviet Government has expended hundreds of millions of dollars within the last few years in the purchase of the most up-to-date agricultural machinery. It has granted concessions to Henry Ford to establish a great plant for the manufacture of tractors in that country; it has engaged the services of the most noted railway and agricultural experts to direct operations in Russia; it has sent commissions of its own experts to foreign lands, and more particularly to Canada and the United States, to study methods of transportation and marketing, all with a view to making an aggressive bid for the trade of the world, and based on methods and costs of production with which other countries with their great industrial and financial resources and higher standards of living cannot begin to compete.

Such, in brief outline, is the serious nature of the menace to Canadian and United States business in the Russian situation. United States labor and United States industrialists are strongly battling the unfair Russian competition. Canada must do likewise, for while a country may be willing to face the competition of other countries both at home and abroad, upon equal terms, no country can compete with conditions such as those now prevailing in Russia and survive. It is apparent that Russia, having failed in its political attempts to subvert the world, has now embarked upon an economic conquest.

Under these circumstances, the approaching Imperial Economic Conference, in London, England, is fraught with greater importance than any previous Empire Conference. Hon. C. A. Dunning announced that his budget was an indication of the spirit in which the King Government intended to approach that Conference, but the King Government has been defeated, the responsibility now rests with Premier Bennett, in collaboration with Premier Mackenzie King, and the other Dominion Premiers, to work out an economic policy for the Empire which will enable all its component parts to successfully resist the Russian menace, and at the same time develop intra-Empire trade to its fullest possible extent. Every Canadian will wish Mr. Bennett well in his important task.

Deceiving the Customer

These Berry Boxes Were Worse Than the Standard False Bottoms

In the "museum" of the Dominion Fruit Branch, at Ottawa, is a curio of unusual interest. It is a full tray of twelve blueberry boxes each box of which is nearly half-filled with blocks of board, bits of field trash and old wood. It was picked up by the inspection service through the complaint of a purchaser on a large Eastern market. To the customer to whom these boxes were sold it was a case of "caveat emptor" with a vengeance.

The French Government is being urged to rivet to the top of the Eiffel Tower a 22-foot flag tower, making it again the world's loftiest structure, a position now occupied by the Chrysler Building in New York.

He—"About a half mile from the crossing he put on a terrible burst of speed to beat the train to it."
She—"And did he get across?"
He—"Yes, they put one on his tombstone."

Crosses Canada On Bicycle

Young French-Canadian Wine Wager Of \$1,000 On Reaching Vancouver

Noel Marcell, young French-Canadian from Halifax, wheeled his battered bicycle into Vancouver, on August 8th, and won a wager of \$1,000.

Marcell left the Atlantic coast April 15, with \$15 in his pocket and a supply of food on the crossbars of his bicycle. He was to reach the Pacific before midnight, August 25. Notwithstanding the fact that he wheeled his machine into a ditch near Lytton and spent two weeks in a deserted shack with an injured back and leg, the wily little Canuck reached his goal one week ahead of time.

Have Minard's Liniment on your shelf.

Production Of Cordage

According to a report by the Dominion Bureau of Statistics, the total value of production in the cordage, rope and twine industry in 1929 was \$11,795,165. This compares with \$10,839,981 in 1928; the increase in value being 9598,204; or 8.84 per cent.

An honest man is one who says, "I don't know," instead of saying: "Look it up yourself, son, and you'll remember it better."

A good home is worth all you put into it in time, money and effort.

Agricultural Wealth Of Canada

Gross Agricultural Wealth Of Dominion Nearly Eight Billion Dollars

The gross agricultural wealth of Canada for 1929 is estimated at approximately \$7,978,658,000 in a summary published recently by the National Revenue Department.

Last year the total revenue from agriculture was \$1,667,213,000, of which Ontario accounted for \$509,434,000, Quebec, \$320,452,000, Saskatchewan, \$309,308,000; Alberta, \$228,589,000; Manitoba, \$134,095,000; British Columbia, \$55,235,000; Nova Scotia, \$43,558,000; New Brunswick, \$39,554,000, and Prince Edward Island, \$28,723,000.

The two principal items which go to make up the total of agricultural revenue are field crops, valued at \$979,750,000, and dairy products at an estimated value of \$290,000,000. Farm animals are third with a value of \$210,437,000, and poultry and eggs fourth with a value of \$109,346,000.

Was Run Down Now Well Again

Takes Pleasure In Recommending Dr. Williams' Pink Pills

To the woman in the home illness is almost a calamity. Many a woman keeps on with her household duties while she is feeling really to bed. Her head aches, she is easily tired, is depressed and nervous and has no appetite. In a word she is anemic and badly needs help—the health-help that only Dr. Williams' Pink Pills can give her. These pills make rich, red blood which brings new strength and energy to weak, dependent sufferers. In a word when Mrs. Paul Rall, Cole du Banc, Que., says, "I was badly run down, slept poorly, and spoke as if when I went to bed. My appetite was poor and I felt miserable. I took six boxes of Dr. Williams' Pink Pills and they completely renewed my health."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Remarkable Invention

Typewriter Designed To Speed Up Newspaper Production

Successful use of the typewriter, one of the newest inventions designed to facilitate newspaper making, was announced by West Chester County Publishers, Inc., White Plains, N.Y., headed by J. Noel Macy.

Seven newspapers in the country are using the instrument, by which news stories are sent out on telegraphic impulses and almost simultaneously translated into type, ready for publication.

Readers of the Yonkers Statesman, Mount Vernon Daily Argus, New Rochelle Standard-Star, Port Chester Daily Item, Tarrytown Daily News, Ossining Citizen-Sentinel and White Plains Daily Press thus are enabled to peruse more late news "breaks" than heretofore has been possible. Speed, over an essential in journalism, is vastly increased.

The instrument was invented by Walter W. Morey and developed by the Collaboration of Edward E. Kitchin, Montreal, and Frank E. Gannett and others.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation to destroy stomachic and intestinal worms without shock or injury to the most sensitive system. They act thoroughly and painlessly, and though in some cases they may cause vomiting, that is an indication of their powerful action and not of any nauseating property.

British General Election

Mrs. David Lloyd George, speaking at a garden party in Wales, prophesied that there would be a general election in the coming autumn. Her hearers were much intrigued by the statement, in view of the key position occupied by the speaker's husband, Liberal opponent in Parliament of the Labor Government.

A letter carrier invented the first screw-propeller for steamships; an undertaker invented the slot-machine telephone; and a barber first thought of fire-escape.

Air Pilot: "By Jove, I forgot to give you a parachute."
Ginsberg: "S'all right. It ain't goin' to rain."

The Handy Bottle

Minard's is the sure relief for the Handy Bottle. For strains, burns, bruises, boils and blisters.

SHAMROCK V.

Sir Thomas Lipton's yacht "Shamrock V," reported from Horta, Azores Islands, missing five days by steam yacht "Elin," which was escorting it to Newport, U.S.A., for America's Cup race, and lost sight of in rain squall, but now safe.

Abolish Tariff Advisory Board

New Body To Be Constituted Under Authority Of Act Of Parliament

The Tariff Advisory Board has been abolished and will be replaced by a new body to be constituted under authority of an act of parliament. Announcement to this effect was made by Premier R. B. Bennett.

The board now existent was constituted by an order-in-council, and not through statutory legislation, in April, 1926. This order-in-council has been cancelled by the new government, and the body to be created will function under authority granted to it by both the House of Commons and the Senate. Legislation for the establishment of the new board will be drafted shortly; and will likely be introduced at the next session of parliament.

The abolished board began its work early in May, of 1926, with Senator Geo. P. Graham as chairman, and Alfred Lambert, Montreal, with D. G. McKenzie, now a member of the Manitoba government, as associate members. Following the resignation of Senator Graham, W. H. Moore became chairman of the board; and Mr. Lambert and Mr. McKenzie who resigned, were replaced by Hector Raouin, Montreal, and Frank Jacobs, De Winton, Alberta. Mr. Moore resigned on the eve of the general election to contest the constituency of Ontario, in which he was elected as Liberal Candidate. The chairman of the board was in receipt of a salary of \$10,000 per annum, and his colleagues \$4,000 yearly.

Relief From Asthma. Who can describe the complete relief from suffering which follows the use of Dr. J. D. Kellogg's Asthma Remedy? Who can express the feeling of joy that suffices a thing of the past influence relieves the tightened, choking air tubes? It has made asthma affliction a thing of the past for thousands. It never fails. Good druggists everywhere have sold it for years.

Empire Preference

London County Council Gives Preference To Empire Products

The is special interest for Canadian farmers in a communication received by the Dominion Department of Agriculture from a London, England, buyer of foodstuffs. "The London County Council has laid down for some time past now that preference shall be given to Empire foods. In furtherance of this policy it has given permission to those responsible for buying foods to pay up to 10 per cent more for an Empire article than for a similar quality foreign product," it states. "The London County Council provides food supplies to over 80 large hospitals and 70 institutions of various kinds."

For all Skin Abrasions—Minard's Liniment.

B.C. Industrial Conditions

The industrial payroll of British Columbia, for 1929, is estimated at \$192,062,249, a new high record, in the annual report of the provincial department of labor, the most accurate thermometer of industrial conditions in the province, as issued recently. The total is an increase of \$8,994,462 over the 1928 figure.

A thousand American chefs have chosen petit marmite, poitrine de volaille, pommes-de-terre olivette, bombe surprise, and Mocha filite for their annual banquet.

In other words, soup, fried chicken and hashed potatoes, icecream and coffee!

Seedy (reading) — Say, Hank, what's er haberdasher?
Hank—What, don't yer know ev er haberdasher is? Didn't yer ever hear me learnin'? A haberdasher is er man wid' a habit of dashin' about.

Her Three Children Troubled With Diarrhoea

Mrs. Leo Lapointe, Laurier, Man., writes:—"My three youngest children were very bad with diarrhoea. I tried all kinds of remedies, until a kind old lady told me to try Dr. Fowler's Extract of Wild Strawberry. I got a bottle right away and started giving it to them, and the next day the diarrhoea stopped altogether. Now I will know what to do when any of my children are troubled that way again."

On the market for the past 35 years; put up only by The T. Millard Co., Ltd., Toronto, Ont.

Live Stock Sales

New System Of Reporting Sales and Prices Has Been Applied

A new system of reporting live stock sales and prices has been put into effect in the Stock Yard and Market Reporting Services of the Dominion Live Stock Branch. The purpose of the new system is to afford a more adequate indication of sales and prices in relation to beef cattle coming on the market. The principal change brings to the top of the list the section of beef cattle in greatest demand, providing an indication of the volume and price range of the popular light cattle, and providing the producer with a more adequate indication of grade and price than was possible under the old system.

Earthquake Area Extended

Heavy Loss Of Life Reported On Shores Of Capitan Sea

A terrific earthquake killed 500 persons and injured 4,000 others on the northeast shores of the Capitan Sea, a huge dispatch to the London Morning Post states.

The towns of Tchapaveo and Vitzky were reported destroyed. The bodies of 30 children were recovered from the ruins. A children's home at Tchapaveo was destroyed by the shocks, the Morning Post reported.

The dispatch said 200 houses at Tchapaveo were razed, and the church destroyed by the quake. The Ural River was reported to have flooded the town.

Keep Douglas' Egyptian Liniment marketable in its attack, over 175 always in the stable, ready for immediate use. Removes proud flesh and inflammation. Thrush or Hoof Rot, and infection of cow's teat.

Says Theatres Are Doomed

George Bernard Shaw Sees Talking Pictures Usurping Legitimate Stage

The doom of the theatre has been sealed, George Bernard Shaw said recently, upon signing his first talking picture film contract calling for the filming of his play, "How He Lied To Her Husband."

"I am afraid the poor old theatre is done for," Shaw said. "The theatre may survive as a place where people are taught to act; but, apart from that, there will be nothing but the talkies."

"All my plays will be made into talkies before long. I signed the contract today because I wanted some money."

"Shaw said 'Arms and the Man' probably would be filmed next. It is one of his more famous comedies.

Halibut Being Depleted

Warning Is Issued Regarding Situation In The North Pacific

Warning that the great halibut resources in the north Pacific were rapidly being depleted, was conveyed to Canada and the United States in a special bulletin issued by the international halibut commission and released at Victoria by Chairman John P. Babcock.

The report states that immediate cessation does not seem imminent but that it is no longer possible to believe that the yield is permanent because it has been maintained until the present time.

A Year's Work

A year's work in the division of chemistry of the Department of Agriculture, at Ottawa, included the examination of 4,263 samples of soils, manures and fertilizers, forage plants, fodders and feeding stuffs, waters, samples of meat and canned foods, and miscellaneous subjects, including dairy products and insecticides.

Persian Balm—the peerless aid to loveliness. Delightfully fragrant. Dainty to use. Leaves no stickiness. A little gentle rubbing and it is swiftly absorbed by the skin. Tonic in effect. Soothes and dispels roughness and chafing. Keeps skin soft and warm, detaches and refines. Used by lovely women everywhere to preserve and enhance their natural beauty.

Dairy Trade With Orient

Following recent experimental shipments of certified milk from Vancouver to Shanghai and other Oriental points, a regular service has been established, shipments being carried in refrigerators, and being eagerly sought by European citizens across the Pacific.

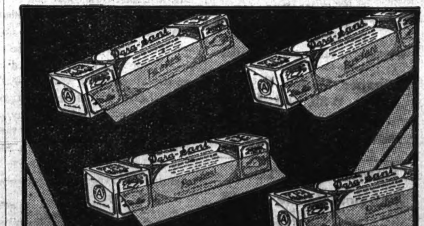

HOW ONE WOMAN LOST 47 POUNDS OF FAT

"I have been taking Kruschen Salt for nearly 8 months. I have continued taking one teaspoonful of the warm water every morning. I then weighed 217 pounds, was always bothered with piles in my bowels and lower part of abdomen and sides."

"Now I am glad to say I am a well woman; feel much stronger, younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say."

"I shall never be without Kruschen Salts, will never cease taking my daily dose, no more than glad to highly recommend it for the great good that it is in it."—Mrs. S. A. Solomon.

P.S.—You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

Don't Let Foods Stale

Foods that ordinarily stale quickly will stay fresh and tempting a surprisingly long time if you cover them with Para-San Heavy Waxed Paper.

Your grocer, druggist or stationer has Para-San in the handy, sanitary knife-edged carton. For those who prefer a lighter paper put up in sheet form ask for Appleford's "Centre Pull" Packs.

Western Representatives:
HUNTER-MARTIN & CO., REGINA, SASK.

THREE DELEGATES APPOINTED FOR LEAGUE MEETING

Ottawa—Canada will be represented at the next meeting of the assembly of the League of Nations by Sir Robert Borden, Senator Thomas Chapais and Hon. Mrs. Mary Irene Parley. It was announced here recently. The assembly meets in Geneva early in September, and before that there will be a meeting of the council of the league. Canada's representative on the council will be Sir Robert Borden as leader of the Canadian delegation.

Sir Robert Borden, Canada's wartime premier, has long been a staunch advocate of the league. He was one of the original signatories of the League of Nations covenant in 1919, out of which grew the league assembly and the council. Senator Chapais, who resides in Quebec, has won distinction by his historical writings. He is the author of a number of books. He was for some time professor of history in Laval University. He was a minister without portfolio in the Tully government, in Quebec, and leader of the government in the legislative council back in 1883. He became a senator in 1919.

Hon. Mrs. Mary Irene Parley is minister without portfolio in the Alberta Provincial Government. She represents Lacombe in the legislature. She was provincial president of the United Farm Women of Alberta, for four years. For two years she was a member of the board of governors of Alberta University. In the last two provincial general elections she has been returned as a candidate of the United Farmers of Alberta.

Canadian Butter For China

First Test Shipment of Dairy Butter Will Go Forward On Sept. 14th
Victoria, B.C.—Close on the heels of a successful trial shipment of B.C. fresh milk to the Orient comes word of a special order for the shipment of prime Canadian butter to Hong Kong, now being arranged through the Department of Agriculture.

On September 4, the first test shipment of butter within the knowledge of the department will cross the Pacific for the Far East. If the shipment is successful it will be followed by the opening of a considerable market for B.C. butter. The prospect of landing fresh dairy products from this coast has attracted wide attention in the Orient and will be developed on a most extensive scale if the results warrant it.

The butter will be shipped to Hong Kong in early September. Canadian trade commissioner at that point.

Calgary Cadets Win Trophy

High School Cadets Capture United Empire Trophy at Ottawa.

Calgary high school cadets won the United Empire trophy, open to the cadet team making the highest aggregate score in the Tyro MacDougall, bankers and cadet matches at the Dominion of Canada Rifle Association meet here. The Calgarys scored a total of 973 points, as against 966 for Hamilton, Ont., Central Collegiate "A" team, and 963 by Winnipeg Highland Collegiate.

Infantile Paralysis in East

Ottawa, Ont.—Two deaths from infantile paralysis were reported by the health authorities here recently. The victims were Eddie Curtin, 10, and Albert W. Ferguson, the same age. No new cases have been reported by medical officials, and the number now remains at 12. There has been no change in the situation in East Whitley township.

Adopt Rotary Plan

Windsor, Ont.—With the object of providing at least some employment for its members, and to tide them over the present period of depression, the local bricklayers' union is attempting to introduce a "rotary" system of employment on construction work in the brickley cities. Thus, each man would work one week and be idle the next.

Motion Picture Operator Killed

Edmonton, Alberta.—V. A. Crawford, Westcott, Alberta, photographer and motion picture operator, was killed instantly when his car was struck by a truck on the highway a mile from Cliverville, and upset in the ditch. According to Alberta provincial police reports, Mrs. Crawford escaped serious injury.

W. N. S. 1931

Tribal Unrest Spreading

British Forces in India, However, Appear To Be Handling Situation
Peshawar, India.—The spirit of tribal unrest appears to be spreading on the northwestern frontier, with British forces tightening the defence by increasing aerial bombing operations and rushing fresh troops northward.

Most of the Afridis who have been besieging this strategic city for a week have withdrawn under constant bombing, but meager reports from the countryside indicate that they have spread in all directions and that all branches of the tribe have taken up arms.

An indeterminate number of Drakhs have joined the Afridis, a party identified as Massazais attacked Badama Post, and the Chakmakhis went on the war path until the air force informed them that their own villages would be bombed unless they ceased their depredations.

Peshawar itself was quiet, and apparently most of the assailants have withdrawn under heavy bombing. One party attacked the cantonments, however, inflicting a scattering rifle fire that did no damage. They withdrew at dawn.

Meanwhile, fresh troops arrived on an armored train from Lahore. The city gates were opened for it, but ordinary trains must stop at Nowshera and the passengers continue here by taxi.

The six squadrons of army airplanes on duty in the sector are credited with a breaking up the plans for a mass attack on Peshawar. In one day these machines dropped 6,000 small bombs, and they have made daily attacks on various groups. As one instance they spotted the 1,500 Massazais who attacked Badama Post, and wounded 20 of them.

Will Oppose Stevens

Independent Labor Candidate Announces Intention Of Running In East Kootenay

Cranbrook, B.C.—Opposition to Hon. H. H. Stevens in the by-election in East Kootenay, where the Minister of Trade and Commerce, will select election shortly, cropped up here, William Robson, dismissed from the Provincial Labor Bureau on Monday, announced he will oppose Mr. Stevens at the by-election as an Independent Labor candidate.

Mr. Robson had been identified with Labor interests since 1899, and was formerly of Nanaimo. He has been employed with the Labor Bureau for the past seven years. Action of district Liberals will be determined at a meeting to be called within a few days.

M. McLean, of Fernie, Conservative, won the East Kootenay seat in the recent election, and resigned to run for Hon. H. H. Stevens, defeated in Vancouver and given a portfolio in the Bennett administration.

Wins Scholarship

Lloydminster, Sask.—Delbert Clarke, of Lloydminster district, graduate from the University of Saskatchewan with high honors in history and economics, has been awarded a \$500 scholarship for 1930-31, from the Canadian Pioneer Problems committee. The award was made from Queen's University, Kingston. He will study history under Prof. A. S. Morton, of the University of Saskatchewan.

Across Continent In 12 Hours

Valley Stream, N.Y.—Beating by more than two hours the transcontinental air record Col. and Mrs. Charles A. Lindbergh took from him last April, Capt. Frank M. Hawks flew from Glendale, Cal., to Curtis Field recently, in 12 hours, 20 minutes and three seconds.

B.C. Miners Entombed

Merrit, B.C.—One man was killed and 30 are entombed as the result of an explosion in the Colmont Colliery, Colmont, near Princeton. Word reached here of the disaster, and plans are being considered to send men to help free the entombed miners.

Plane Saves Life

Burlington, Vt.—Anthony Antokin, 34, sped here recently from Montreal by aeroplane and saved the life of a bus-factory employee suddenly stricken with the deadly, fast working disease.

Alberta Protests

Claims That Foreign Immigrants Are Being Dumped In Province

Edmonton, Alberta.—Capt. E. M. Johnson, superintendent of the Soldier Settlement Board here, has been asked by the Department of Labor, at Ottawa, to investigate charges that 200 German immigrants were "dumped" in Alberta last week. The inquiry has been requested as the result of a telegram of protest sent to Premier R. B. Bennett by Hon. George Howland, acting premier of Alberta.

Denial of the allegations has been made by the steamship company concerned, and by the editor of "Der Herold," German newspaper here, but Walter Widmer, secretary of the association of German-speaking workers, insists the charges he leveled are well-founded.

UNEMPLOYMENT SURVEY IS MADE BY GOVERNMENT

Ottawa, Ont.—Hon. G. D. Robertson, Minister of Labor, announced recently, that the government is making a quick survey of unemployment conditions in Canada, and that the employment service council has been called to meet here on August 21 to consider information which will have been gathered by that time.

After the council has discussed the situation disclosed, information that will be made for consideration of the government and will form a basis for unemployment relief measures to be submitted to parliament at the special session early next month.

In the last day or two, the minister stated, the Department of Labor has communicated with all the provinces and with the mayors of municipalities with population of 10,000 or more, asking them to advise the department as near as possible the extent of unemployment and to estimate what the situation will be this coming winter. They have been asked to send the information in within 30 days, so that the department will be able to sift the data and have it ready for the meetings of the unemployment service council.

Wheat Exports Increase

Nearly 900,000 Bushels Exported From Vancouver In One Week

Vancouver, B.C.—Nearly 900,000 bushels of wheat were exported during the past seven days, according to the weekly report of the Vancouver Board of Harbor Commissioners.

The actual total for the past week was 890,160 bushels. The export this season to date is 1,570,285 bushels, as compared with 431,068 bushels at the corresponding date last year. The elevators had in stock at 8 a.m. a total of 6,649,529 bushels, and the railways had 1,518,300 bushels on British Columbia divisions, or in terminals here. There are ships in port for 170,156 bushels.

Injured In Car Collision

London, Ont.—Hon. Donald Sutherland, Minister of National Defence, Franklin Smoke, M.P. for Brant, and J. L. Stansell, defeated candidate in Norfolk-Elgin, were slightly injured when their automobile struck a truck and overturned in a ditch.

JAP PARTY TOURS CANADA

Leading business men of Japan, arriving at Vancouver recently from the Far East, aboard the Canadian Pacific liner "Empress of Canada," received an official welcome from Mayor W. H. Malkin, and representative Canadian business men during their two-day stay in the Canadian west coast port. The Japanese party is headed across Canada on a national tour of inspection, then going on to New York to visit principal cities of the United States, returning to Victoria, B.C., September 4th, by way of San Francisco and Seattle. The party includes prominent merchants, department store owners, and industrialists, chief engineers of the Japan Artificial Ice Company, and Shigetaro Matsumoto, advisor to the Hiroshima overseas development association. While in Canada and the United States they will make close studies of the industries and commercial ventures in which they are interested.

GLOBE CIRCLING FLIGHT ENDS IN CRASH

John Henry Mears, of New York, who took off from Roosevelt Field in globe-circling flight in an attempt to beat Graf Zeppelin time for the same trip but crashed at Harbor Grace, Newfoundland. His plane was wrecked.

Meeting Of C.M.A.

Tariff Section

Understood That Organization Is Opposed To High Duties

Toronto, Ont.—Manufacturers representing every branch of industry in Canada, were represented at the meeting of the tariff section of the Canadian Manufacturers' Association held here.

Officials of the organization decline to give out anything for publication regarding the meeting, which was the regular gathering of the section and holds all its meetings in camera.

If understood the question of advanced duties on boots and shoes, leather goods, automobiles and other items were discussed.

The tone of the meeting was said to have been against high duties generally with a moderate increase on some Canadian lines being advocated as a help to Canadian trade and the reduction of unemployment.

The matters dealt with at the meeting will be submitted to the executive council meeting of the association, to be held after the regular meetings of the transportation, commercial intelligence, and industrial relations committees within a short time.

Liquor Restrictions

New Brunswick Regulations Aimed To Prevent Excessive Drinking

Fredericton, N.B.—Addition restriction calculated to reduce drunkenness under the operation of the New Brunswick Liquor Control Act, has been authorized by the provincial cabinet.

The regulation states that "after conviction of selling or keeping liquor for sale, or of drunkenness, or for being found drunk twice within 12 months, a person shall not be entitled to purchase liquor for three months after conviction."

Compulsory Military Training

Wellington, N.Z.—A bill for temporary suspension of compulsory military training has been introduced in the House of Representatives by the government. It is intended as a measure of economy.

Fire Destroys Quebec Village

Property Damage Is Estimated At \$200,000

Masson, Que.—Between 500 and 600 persons fled from Masson, and nearly 50 houses destroyed—such is an estimate by Rev. Monsignor Routhier, parish priest of Masson, of the conflagration which swept this little town recently.

Mons. Lafontaine died during the afternoon and although not injured in the fire, it is believed the shock hastened his death. Property damage was estimated at \$200,000. No one was killed and no one received serious injuries in the blaze.

This well-ordered community on the banks of the Lieve River, 21 miles from Ottawa, was bewailing a devastation, of a character difficult to describe. An area of over a quarter of a mile square which this morning housed nearly 120 families was simply a heap of smouldering embers. Red tongues of flame licking up from piles of charred debris spoke eloquently of the disaster which had befallen Masson.

Restrict Immigration

Dominion Government May Take Steps To Regulate Entries

Ottawa, Ont.—Indications are that steps will be taken by the Dominion Government to restrict immigration to Canada. While no official announcement was made at the conclusion of a meeting of the cabinet, it is understood that the matter of immigration was under discussion.

Any action taken, it is believed, would be aimed at the restriction of newcomers from European countries so as not to add to the unemployed. It is rumored that the so-called railway agreements respecting immigration will not likely be renewed, especially under present provisions. A statement on the subject of immigration may be issued shortly.

SAYS JUSTICE TO ALWAYS GOVERN ADMINISTRATION

Ottawa, Ont.—Hon. Arthur Saupe, minister of justice, in a statement declared that "justice, honesty and economy" would be his policy in administering the post office department.

The text of the statement of the postmaster-general, in a statement declared that "justice, honesty, economy, shall be my policy in the administration of the post office department. The law which governs us shall be respected with discrimination and the regulations shall be observed with the greatest discretion."

"Racial, religious or political fanaticism shall never prevail with us. I shall continue to consider them as the most dangerous enemies of the country."

I shall follow to the letter the policy of an honest man and a good Canadian, directed by the head of the government; a policy of peace, candor and of sound protection which will permit the rational development and utilization of all the desirable resources of our country.

"The employees who have, without reserve, conformed to the law, understood their duty in their observance of impartiality and who have impartially shown the respect due to the political authorities or their accredited representatives have nothing to fear from me."

"I shall make a distinction between the latter and those who have constituted themselves the active agents of their party or the carriers of lies and infamous calumnies. It would be unjust and cruel, for instance, to put out on the street, without reason, a good father of a family who has been in office for a number of years and who might find it difficult to work elsewhere."

"It is, I believe in the post office department that certain classes of employment are the most exposed to indulge in political partisanship."

"A careful inquiry will be made in regard to everything concerning my department, in order to avoid, as far as possible, mistakes and errors. I am not infallible but if I should commit an error, I shall do my best to repair it."

The assurances given to me by the deputy minister, whom I have known for a long time, as well as by the heads of other branches, justify my belief that I shall be able to carry out, with success, the administration of my department."

IS SATISFIED WITH RESULTS OF WHEAT PARLEY

Toronto, Ont.—Expressing complete satisfaction with the result of the conference of western premiers and the final conference at Ottawa, when officers of the wheat pool, the provincial premiers and Prime Minister Bennett discussed the financing of Canada's grain, Hon. J. T. M. Anderson, premier of Saskatchewan, left for Regina.

"A fine time," was his first word. "I'm perfectly satisfied with the result of our visit in the east. No, I have nothing further to say about the wheat situation; it has been pretty thoroughly done up the past two days."

"But in our last conversation you were recalled I spoke of some new plans. First is the establishment of a correspondence high school course whereby children of settlers and farmers in remote areas—any child more than four miles from a high school—may take the courses by mail and write off the examinations each year at the nearest examination point."

"We hope by this that many more will be able to avail themselves of higher education than is possible at present. Along the same line we are instituting this fall the course in elementary prospecting for farmers and farmers' sons so they will be able to assist in mining development in the north."

"This falls in line with our assumption, this October first, of our own natural resources. We are planning to develop our resources to the best of our ability and will leave nothing undone which we believe should be done."

Red Menace In China

Communists Advancing Against Nanking and Other Important Points

Nanking, China.—Communists were reported advancing against this Nationalist government capital and the sister cities of Hankow, Yangyang and Wuchang, 600 miles to the Yangtze River from the sea.

This city was virtually defenceless and appeared doomed should the Reds continue their threatened attack. Few defenders remained within the 32 mile wall circling the capital, practically all troops having been drawn to fronts on which the government and northern rebels are fighting for supremacy in China.

Uneasiness was rife here as peasants turned Communists and appeared in surrounding towns armed with rifles.

Many suspected Communists were summarily executed at Hankow. Thousands of terrified Chinese poured into the city, frightened from their outlying homes by the invaders.

Eskimos Bound For Cuba

Make Journey By Dog Sled And Canoe From Arctic Circle To Southern China

Burlington, Iowa.—Three Eskimos and their Canadian guide who left the Arctic Circle last year and hoped to reach Cuba next, resumed their journey by canoe today, after an overnight stop at Burlington.

The Eskimos, Charles Plinibash and his two sons, led by Frank O'Grady, said they left The Pas, Manitoba, March 21, 1929, went to the Arctic Circle, returned to The Pas, and then set out for the south last winter by dog sled.

They continued by sled, they said, until the ice broke up. At Granite Falls, Minn., they launched their 18 foot canoe, and have travelled by that mode since. They expect to reach Havana early in 1931.

Makes Altitude Record

Regina, Sask.—Creating what is believed to be a record for western Canada, and breaking the Regina altitude flying record, P. B. Koffer, of the Regina Flying Club, climbed to an altitude of 8,250 feet, over the city Tuesday afternoon, August 12.

As Regina is about 1,800 feet above the sea level, Pilot Koffer actually reached the height of more than 20,000 feet.

Visitors Tourists See West

Winnipeg, Man.—On their way to the Pacific Coast, 175 "corn huckers" from Nebraska, invaded Winnipeg en route to Vancouver. Travelling over the lines of the Canadian Pacific, they are the "corn huckers" who are gathered from the rural population of their native state, are seeking for themselves the glories of Western Canada.

HOMES—clothing—education—even pleasures and luxuries—are bought on the instalment plan; but few people realize that money, the force behind all buying, can itself be bought by instalments. You can buy \$1,000 in four years in small payments of \$4.52 a week.

Ask for our Public "A New Horizon"
It will show you Easy Ways of Buying \$1,000.

Local and General Items

Ja kie Oakes is making a tremendous hit in movies.

Miss Alice Hornquist, nurse-in-training at Edmonton, is home on vacation.

Grade VIII. examination papers were tampered with at Winnipeg after being collected from the pupils.

Enroute from the coast, Mr. and Mrs. Evan Morgan and family paid a visit to Mr. and Mrs. Ernie Hinds at Fernside, Washington.

Dr. Olivier was down from Creston the early part of the week, accompanied by Dr. G. G. McKenzie, dentist.

Robert Gray left at noon Monday by motor for Vancouver, accompanied by Ed. McDonald, Joseph McDougall and Dr. C. G. Reinhorn.

The inquest into the death of the lad Holyoak concluded on Friday last, a verdict of accidental death being returned.

Rev. O. E. Forde has resigned the pastorate of First Baptist church at Lethbridge, and has accepted a call to Westbrae Baptist church at Berkeley, California.

Mrs. F. Erb, of Calgary, is visiting here over the week end with her brother, Dr. H. B. Hoar. Mrs. Erb (nee Miss Hoar) was a former member of the teaching staff at Bellevue.

Mr. and Mrs. G. A. Passmore left by motor yesterday on a vacation trip to coast points. Mr. Passmore is being relieved at the C.P.R. depot here by O. A. Botter.

Doral Pilling, of Cardston, won the javelin contest at Toronto, making 196 feet 7 1/2 inches, while George W. Sutherland, of Calgary, was third in the hop, step and jump and third in throwing discs.

Forty-seven lives were lost following an explosion and fire in a coal mine at Coalton, B.C., last week. Three former citizens of Hillcrest were included in the list of victims. Twenty-six of the entombed men leave wives and families.

The shooting season for ducks and geese in Alberta, south of Clearwater and Athabasca rivers, opens on September 15th. The bag limits will be as follows: ducks, 30 in one day and not more than 200 of all kinds in a season; geese, 15; geese, 25, and Wilson's snipe 25.

Mr. and Mrs. Cecil (Tiny) Thompson, whose wedding took place in Banff on Tuesday, are enroute for Portland Oregon, motoring by the Banff-Windermere highway. They plan to return in about 10 days. Mrs. Thompson was formerly Miss Edith Jackson, of Calgary—Calgary Alberta, August 16.

The many Pass friends of Mr. J. A. Boyle, of Granum, will regret to learn that a few days ago he had the misfortune to fall from a two-story building, sustaining a broken neck. He was removed to a Granum hospital, where slight hopes for his recovery are entertained. Mr. Boyle was a former resident of Blairmore and is around seventy years of age.

Miss Tina Thomson, of Ferris, is to be congratulated upon the splendid showing she made at the Canadian games held in Edmonton recently. Miss Thomson was up against very keen competitors, as highland dancers were present from all parts of Canada. She won first prize for sword dance, which carried a gold medal and \$15.00; first prize for Shean Truibhas, also a gold medal and \$15.00; second prize for Irish jig, with a silver medal and \$10.00; second for Sailor's Hornpipe and second for reel, each carrying a silver medal and \$10.00. Miss Thomson competed with Miss Jeanne Gauld, one of the finest Scottish dancers in Canada.

The front of the Orpheum theatre is being decorated.

The R-100, British dirigible, made the run from Montreal to Cardington in little less than 57 hours.

R. B. Bennett, Canada's new premier, will be entertained at Calgary today.

LOST—Keys, on chain ring, with Ackland & Sons tag attached. Finder please return to The Enterprise.

Eighteen thousand communities are linked together in England and Wales by 3,312 regular motor coach services.

Ernest Midwinter, a Calgary taxi driver, was murdered by four passenger assailants south of Calgary early Sunday morning.

EYES EXAMINED at the Blairmore Pharmacy on Saturday, September 6th. E. J. ANDERSON, B. Sc., attending. —aug-21-3

Official announcement of the result of the vote taken Monday by members of the Mine Workers' Union of Canada will be made known next week.

Mr. and Mrs. Knapman and daughter Elsie are expected to reach Blairmore this week end from a vacation motor trip to Pacific coast points.

ANNOUNCEMENT — Mrs. Tim Murphy has opened a beauty parlor in connection with her husband's barber shop. Phone residence, 312, for appointments.

Many a woman who never looked in a volume of Blackstone is able to lay down the law "Y U M!" In Holland there is a river called Y. In China is a city called U, and in Sweden a town called M.

Skeletons of Adam Schneider, aged 32, and Mima Sturm, aged 16, who disappeared on August 24th, 1929, have been discovered in a car bushed about fifty miles south of Medicine Hat. Both are believed to have suicided.

An eastern clergyman suggests, as a forward movement among girls, that they stop chewing gum for a year and give, say half of the \$20,000,000 annually spent for the quids to foreign missions. It is up to you, girls, to be good for the heathen's sake.—Ex.

The many local friends of Miss M. T. Davis will be pleased to learn that she has decided to again take up teaching in Blairmore. The secretary of the school board received a wire from Miss Davis from Chicago yesterday, stating that she had decided to accept the position and would be on hand for school opening on September 2nd.

The part of Southern Alberta extends congratulations to the following pupils of W. H. Moser, who have brought the honors home: Miss Laura Freebairn, Pincher Creek (90), intermediate violin; John Colclough, Pincher Creek (88), junior school violin; Jean Cruikshank, Hillcrest (86), elementary school violin; George Kerr, Blairmore (85), primary school violin; Jessie Evans, Hillcrest (82), introductory school violin; Gordon Swart, Cowley (82), introductory school violin; Vera Shoening, Pincher Creek (86), introductory school piano; Jessie Fraser, Pincher Creek (81), elementary singing.

CARD OF THANKS

Mr. and Mrs. F. Gillain desire through The Enterprise to thank all who in any way offered assistance during the illness of their boy, Lambert Maloin, who passed away last week. Especially would they thank the many friends for floral tributes and other expressions of sympathy and respect.
